

Meeting 21.04.2022

Date

21.04.2022

Location

MS Teams (online)

Participants

- Simon Felix
- Elias Mjoen
- Joshua Schärer

Topics

- Code review
- Discussion about abstracting mathematical models

Risk update

No specific update

Actions to be taken

No actions need to be taken

Discussion

Code review

- Fixed SAT nuget package dependencies
- Explained why .dll files need to be in root folder

Abstracting mathematical models

- Try not to use strings
 - Parsing strings is difficult
- Build an interface which is much closer to the problems that we have
 - Not so generic
- Suggestions: List of people. list of rooms, etc...

Feedback

- Meeting was a bit all over the place
 - Should be more clear what when and how we are presenting things
 - Structure the meeting more
- Stick to the agenda

Decisions made

Abstracting mathematical models

- Do not make it too generic

Feedback

- Future meetings should be better planed and structured
